

## What do I bring/wear on the river?

### Suggestions:

- Swimsuit
- Nylon shorts or some other quick drying material
- Wool socks
- Fleece Vest/Jacket
- Hat
- Sunglasses
- Sunscreen
- Strap-on Sandals or shoes
- Towel
- Dry Clothes (for after trip)

### Other Information:

You will not want to wear anything made of cotton on the river. Cotton clothing will not dry quickly keeping you cold and wet.

You may want to buy a water-proof camera (available at the Buffalo Joe's office) to snap on your lifejacket and take pictures on the way down. However, Colorado Whitewater Photography does take pictures of each raft on the river and these will be available to buy after the trip at our office.
